

22 Questions To Ask Before Hiring a Roofing Company

Do you have proof of current license and insurance information?

What are your warranty options on workmanship & materials?

What are the tools and process used on my roof?

What are the financing options with a payment due date?

What is your proof of experience & history including BBB A+ Rating and reviews?

What is the estimated time frame for the roofing project?

Do you have a final price guarantee? Are there hidden fees?

What type and brand of shingles and other materials will be installed?

Which side of my home will be used to access the roof?

Where will the equipment and truck(s) be parked?

How and when will you remove any debris and materials that are torn off of my roof?

Will there be a dumpster and porta-potty on the site? Where will they be located?

What will be done to protect my gutters?

What will be done if it rains before the roof is finished?

Will you provide warranties for your workmanship and materials being installed?

Will you be using a nail gun or securing the shingles by hand (hammer and nails)?

Will my driveway and property be safe from damage?

Who will be my contact during the project? What time of day will they be available?

Will you be re-using any old materials on my roof like the flashing?

What are the payment options and process?

What evidence do you have that indicates my old roof needs to be replaced?

Are there any tax credits or material or utility rebates available?
